

Mission

The mission of BryanLGH College of Health Sciences is to provide our community, state and region with healthcare professional education that emphasizes clinical competence and academic excellence through affiliation with BryanLGH Medical Center. We provide educational programs leading to graduate and undergraduate academic degrees, certificates, and continuing professional development which prepare learners for careers in nursing and allied health.

Are you interested...

in becoming a basic nursing assistant? Maybe you want to go on to receive your degree in nursing or allied health? If you're interested in entering the healthcare field, the basic nursing assistant course teaches the skills you need. With successful completion of this course and the competency examinations (written and skills examinations), you are eligible for placement on the State of Nebraska Nurse Aide Registry. Successful completion also fulfills the nursing assistant requirement for BryanLGH College of Health Sciences nursing and allied health programs.

Basic Nursing Assistant Course

BryanLGH
COLLEGE of HEALTH SCIENCES

Course Description

The Basic Nursing Assistant Course trains non-licensed individuals to provide safe, effective and caring services to patients, residents and clients in a variety of healthcare settings. Class participants learn basic nursing skills such as:

- Bathing
- Feeding
- Toileting
- Walking and moving a patient.

The course is taught by BryanLGH College of Health Sciences faculty and approved by the Nebraska Department of Health and Human Services Regulation and Licensure.

Course Options

The course provides a minimum of 76 theory and clinical hours. This meets the state and federal requirements for nursing assistant training courses. The course may be taken as a credit or non-credit course.

- Students taking the course for credit will receive three (3) semester credit hours and a certificate of completion.
- Students taking the course non-credit will receive a certificate of completion.

Dates and times vary for the course. For specific information, contact the Office of the Registrar at BryanLGH College of Health Sciences at (402) 481-3805.

Attendance

The first session of class is mandatory. Attendance at all classroom and clinical activities is expected and absences must be made up. Excessive absences may result in dismissal from the course.

Cost

Students taking the course for credit will be charged based on the current tuition fee schedule. Tuition for the non-credit course is \$425. Course tuition includes:

- Student manual
- Student workbook
- \$25 non-refundable fee for a criminal background check.

Billing will follow the Tuition Collection and Payment Policy as stated in the College Catalog. Tuition and tuition refunds will follow the Tuition Refund Policy and Schedule as stated in the College Catalog. Participants will be charged an additional per hour fee for each hour of class make up required. The certificate of completion will be held until all fees are paid.

Clinical

Participants are required to dress in a uniform and have a watch with a second hand for clinical days.

Background Checks

As a part of the registration process for the Basic Nursing Assistant Course, completion of the following documents is required:

- Authorization and Disclosure Form for Criminal Background Check.
- Nebraska Health and Human Services Abuse Registry Form.

If the background check indicates criminal/abuse behavior, the student may be dismissed from the course. Students may have the opportunity to present information to dispute the background check. For questions or concerns, refer to the Criminal Background Check Policy in the Student Handbook or contact the Dean of Students at (402) 481-3804.

Course Prerequisites

Documentation of immunity to the following communicable diseases must be provided upon registration. Failure to submit documentation of current immunizations by the end of the first day of class will result in automatic withdrawal from the course. Acceptable documentation includes photocopies of medical records, immunization records or the College documentation form signed by your healthcare provider.

- Varicella: Chicken pox
- Hepatitis B series
- MMR
 - Rubella: 3-day measles, German measles
 - Rubeola: measles
 - Mumps
- Tdap/DPT: Tetanus, diphtheria and pertussis
- TB: Tuberculosis (If a current tuberculosis test is not documented, this will be given on the first day of class.)

Students must be able to provide safe patient care and perform technical competencies as listed in the College Catalog.

Nebraska Nurse Aide Registry Requirements

To qualify for placement on the Nebraska Nurse Aide Registry an individual must meet the following requirements:

- Be at least 16 years of age.
- Be able to speak and understand the English language.
- Successfully complete a state approved program of training and competency evaluation.
- Have no convictions of a crime involving moral turpitude.

Registration

To register, call the BryanLGH College of Health Sciences Registrar at (402) 481-3805.
